# **Be seated close to the action.**

We purpose build our Dual Control trucks to Isuzu Australia specifications. No retro-fitting. So what you get is a factory backed cab chassis from Australia's no.1 truck company. A package you simply can't get anywhere else. So when it comes to choosing your Dual Control truck, there isn't much to think twice about.

# Garbage guts.

Our new FVY Dual Control comes with Hendrickson airbag rear suspension which means a lower tare weight than our competitors. The result? Up to 300kgs extra per load, so you make less trips, lowering both operating costs and emissions.

## IDENTICAL TWIN STEERING.

There's a lot that goes on behind a steering wheel, and Isuzu have spent decades refining the way our trucks handle. This is a purpose built truck. There are no modifications made to the steering system under the cab. Left-hand side steering input is transferred through a gear driven cross shaft mounted inside of the cab. The steering columns also adjust in unison (rake angle only), so you can always steer from the optimum position whether you're manning the left or right wheel.

## SPECIFICATIONS

MODEL	GVM (kg)	GCM (kg)	ENGINE	POWER (kW@RPM)	TORQUE (Nm@RPM)	TRANSMISSION (GEARS/TYPE)	WHEELBASE (mm)
<b>DUAL CONTROL MODELS</b>

Note: The above chart is a brief representation of the chassis specifications within the Isuzu dual control model range. For a detailed understanding of the model and specification variants, please refer to the applicable Isuzu model Specification Sheet. Subject to the conditions outlined in the IAL New Vehicle Warranty, the dual control models carry a standard factory warranty as above. Extended Care may be purchased to cover the owner against the failure of original components, but may exclude some components and expendable items such as oil, filters etc. Isuzu Roadside Assistance is valid for three years from the date of new vehicle purchases. Our goods and services come with guarantees that cannot be excluded under the Australian Consumer Law. For major failures with the service, you are entitled: to cancel your service contract with us; and to a refund for the unused portion, or to compensation for its reduced value. You are also entitled to choose a refund or replacement for major failures with goods. If a failure with the goods or a service does not amount to a major failure, you are entitled to have the failure rectified in a reasonable time. If this is not done you are entitled to a refund for the goods and to cancel the contract for the service and obtain a refund of any unused portion. You are also entitled to be compensated for any other reasonably foreseeable loss or damage from a failure in the goods or service. For more details visit the Isuzu website which explains Isuzu Warranties in more detail, or alternatively contact your local dealer. All warranties commence from date of delivery. \*Refer to Extended Care Brochure.

## BUILT WITH PURPOSE.

No matter which way you spin it, retro-fitting a standard truck with dual control is asking it to do something it was never designed to do. And you might be voiding your warranty in the process. Isuzu's Dual Control Trucks are purpose built to Isuzu Australia specs. So you get the reliability that Isuzu is famous for, as well as the support of a full factory warranty. And that's something that you can't simply sweep aside.

## SAFETY IN NUMBERS.

Safety has always been a key component of any Isuzu Truck, and our Dual Control range is no different. For starters, our cabs feature a RHS driver airbag and seatbelt pre-tensioner, anti-lock braking, a Front Underrun Protection Device (FUPD), reversing camera, blind spot monitoring, double side-intrusion bars, and heavy duty non-slip entry steps.

## COMMANDING PERFORMANCE.

Isuzu's reliability is legendary. And while long-term durability is one thing, you also need the grunt to get the job done in the here and now. With peak power reaching 221kW (300PS), the Isuzu 6HK1 six-cylinder diesel will share your load with ease. And when partnered with an Allison automatic transmission, it delivers a performance unrivalled in its class.

## ALL THINGS BEING EQUAL.

Performance and reliability aren't the only benefits of having a purpose built Isuzu Dual Control Truck, there's also the cabin. Firstly, you get the supremely comfortable ISRI 6860 suspension seat. On both sides of the cab. But that's not the only place you'll be seeing double, as you've also got dual instrument clusters. And with electric mirrors and cruise control to boot, it's the most impressive Dual Control cab you can buy – no two ways about it.

## A GRANDSTAND VIEW.

Isuzu Dual Control Trucks feature fully operative dual steering wheels, so you'll never be far from the action. The centre seat has been removed, allowing for a purpose designed central control unit featuring transmission, ignition and positioning switches, along with anything else you might require. So whether you're sweeping streets or heading back to base, you'll always be in the box seat with Isuzu Dual Control.

# Isuzu Care.

Reliability means so much more than just a mechanically reliable truck. Isuzu Care is the most comprehensive customer care truck programme ever seen in Australia, offering a suite of innovative support services and a level of customer care that's setting new industry standards. Wherever you are, Care's as close as a freecall to 1800 035 640.

## ISUZU EXTENDED CARE.

Isuzu Extended Care\* provides a two-year extension to Isuzu's three-year factory warranty. As well as the five-year factory warranty, you'll also receive five years of Isuzu's customer care programme and Isuzu Assist. Available when you buy your truck, it's the ultimate peace-of-mind.

\*At additional cost.

## ISIS.

Isuzu Sales Information System (ISIS for short) is a software program the dealer will use to help you select the right truck and body for your application. Once it's been programmed with your requirements, ISIS simulates how the truck will perform in terms of its weight distribution, available power and other performance characteristics. So with ISIS, you're sure to find your most suitable match.

# ISUZU ROADSIDE ASSIST.

Isuzu Assist is a 3-year, 24-hour roadside assistance program that comes at no extra cost with all new Isuzu trucks. And while our trucks are renowned for their reliability, even if you run out of fuel, lose your keys, get a flat tyre (or battery), Isuzu Assist will be there to sort it out. Just freecall 1800 947 898.

# MAKE STRESS FREE SERVICING A PRIORITY.

There is nothing more crucial than maintaining a healthy fleet, so we've created a 'stress free' service in Isuzu Priority\*. Knowing that the lifeblood of your business is under control, and in the best hands, provides true peace of mind and allows you to spend more time doing what you do best – building and growing your business.

\*At additional cost.
